

YASHI

Pioneer S

- Privacy Webcam
- IPS technology
- Frameless technology
- Low Noise
- Alu Stand
- 11th gen Intel CPU

Yashi Pioneer S is simply amazing: at first sight it's easy to think it a monitor. IPS Frameless display offers images of high-quality from every angulation and a real-life colors.

Privacy Camera

With one click the privacy camera is ready for use, with another click it darkens to ensure that no one else can use it.

IPS technology

IPS technology guarantees a wide view angle, deepness of color and an ideal contrast for every condition of environmental light.

Frameless technology

The frameless display allow a full vision thanks to just 2mm thickness.

Low Noise

Advanced cooling system designed to expel heat quickly always silently.

Alu Stand

It has been designed with precious metals and aluminum to obtain maximum resistance at a low weight.
