PIONEER SERIES

Yashi Pioneer series offers the best immersive viewing experience thanks to frameless display, speakers included.

Alloy aluminum stand and silver alloy stripes embellish this minimal and elegance monitor.

350_{cd/m²}
BRIGHTNESS

350cd/m²

Lightness of 350cd/m² highlights every details, a plus for your eyesight.

Frameless design

The frameless display allows a complete, total view, thanks to its very thin edges.

IPS
VIEW

IPS technology

The IPS technology guarantees a wide viewing angle, color depth and ideal contrast in all ambient.

Low Blue Light function

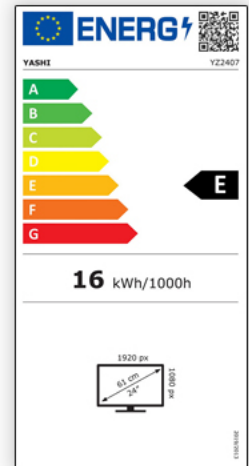

The Low Blue Light function reduces blue and violet frequencies emission. An important protection for our eyesight.

No Glare

Visual comfort and greater precision thanks to the special anti-reflective treatment, ideal for use in environments and offices with plenty of light.
